

Wander On...

Introducing the all new Camp-Rover by Xtreme Outdoors! Unique to the lightweight travel trailer market, The Camp Rover offers an optional flip-down upper bunk bed with a ladder that converts into a safety rail. Although built as a true camping trailer, the Camp Rover will still offer standard features including a full kitchen, wet bath with seamless shower surround, A/C, quick recovery water heater and plenty of storage including a 13" x 30" exterior pass-through baggage door.

HANDCRAFTED IN PENNSYLVANIA BY

ENTERTAINMENT & POWER BY FURRIION

KITCHEN & CLIMATE BY DOMETIC

### Dry Weight

**2,900 lbs**

### Tongue Weight

**300 lbs**

### Overall Length

**21'**

### Overall Width

**7'**

### Overall Height

**8' 7"**

### Interior Height

**6' 7"**

One of the biggest concerns for many teardrop customers is whether they can stand up inside such a small footprint. The Camp Rover has that covered with an internal height of 6'7". Just at 2,900 lbs, 21' long and 7' wide, the Camp Rover will be a compelling option to the popular Little Guy Max but at a more affordable price point. All Little Guy trailers offer optional Rough Rider packages including off-road tires, a spare and 2" lift as well as solar panels. Contact your nearest dealer for a tour of the new Camp Rover!
