31RKSS

Kick back, relax and travel easy with Puma's residential home style. Large panoramic windows and LED lights illuminate plush furnishings throughout this well equipped "open concept" floorplan. The tri-fold sofa opens up for additional sleeping space. The rack and pinion flush-floor slideout adds head room and plenty of overhead storage space. The entertainment center features a Bluetooth FM/CD/DVD soundbar with an internal subwoofer. Shown in Smoke decor with Vagabond cabinetry, and Beauflor® woodgrain flooring plus these options: solid surface countertops and night shades.

Versatile, Easy Living...

When it comes to choice, Puma goes the distance with a broad selection of floorplans and amenities designed to make you feel right at home. Whether it's just the two of you, a family set on adventure, or a getaway with a group of friends, these well equipped travel trailers, fifth wheels, destination trailers and toy haulers enhance your travel adventures, wherever you roam!

31RKSS

This well planned galley is loaded with storage and prep space, including an extra large walk-in pantry with wire shelving, a built-in spice rack, a spacious island, contemporary bell-shaped LED lighting and a six cu. ft. double door refrigerator/freezer. Shown with these convenient options: a pull-down faucet with sprayer and an electric fireplace for added warmth, with adjustable flame height and colors.

Puma's baths feature generous linen storage, a residential style vanity with an extra large sink and medicine cabinet. The large 30" x 48" ABS shower has a seat, a glass door and a skylight. (Most models)

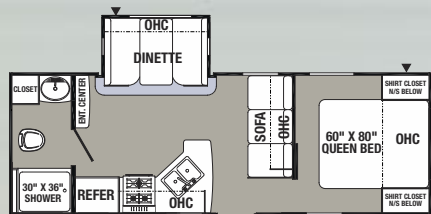

This spacious bedroom features an 80" residential queen bed with a designer bedspread, pillow shams, large mirrored wardrobes, convenient night stands below, and abundant overhead storage.

GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight)* - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

*Estimated Average based on standard build optional equipment.

CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

**Estimated average based on standard build optional equipment.

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities. The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.
