Our home on wheels is the Alpine 3910RK. After traveling in this unit for over 1.5 years I can honestly say this is the ultimate RV for two. From having a huge master suite equipped with a king size bed, double sinks and a closet to fit a king it makes traveling feel luxurious. This unit also has a half bath, and a residential style kitchen that makes cooking a breeze. On days I don't want to cook inside, the outside entertainment center with a cooktop makes sitting outside and cooking enjoyable. After traveling and living in RVs for the past 9 years I can say Keystone knocked it out of the park with this layout we call our home on wheels.
