Millersburg, Indiana is a special place with special people. This is a town built upon care, craftsmanship, and teamwork. Millersburg is our home and we're grateful for the opportunity to employ many of our neighbors, friends, and families. Rockwood is a proud employer of multiple generations of Millersburg residents and our quality-first reputation is second to none, thanks to our Millersburg home.

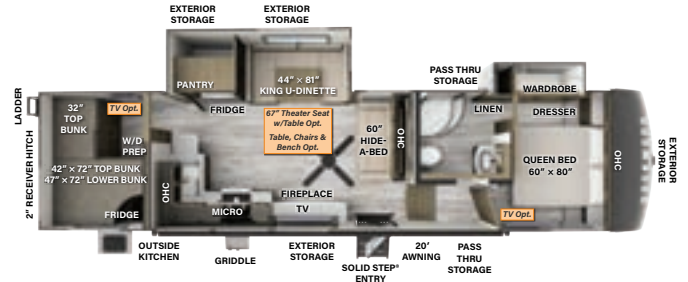

We're happy to have zero stoplights, two banks, two parks, one gas station, two car mechanics, an elementary school, and a few churches in our humble corner of Elkhart County. We work hard, care, build, craft, and take care of each other and our families. Millersburg keeps North America camping, one Rockwood at a time, made with pride and value.

CUSTOMER SATISFACTION

Rockwood Warranty. Our Promise.

www.ForestRiverBuyLocal.com

FOR DETAILS ON ROCKWOOD'S COMPLETE WARRANTY PROGRAM, SEE YOUR ROCKWOOD DEALER.

When it comes to backing products with the same quality and commitment it does when it begins the manufacturing process, the only name you have to remember when you're looking for a recreational vehicle is Rockwood. Rockwood offers the following additional limited warranties to the original purchasers. Consult written warranty for details.

1 Limited lifetime roofing warranty*

2 Two-year fiberglass warranty.

3 Ten-year Torflex® axle warranty.

4 One-year bumper to bumper warranty.

*Lifetime warranty is limited to original owner

Specification Definitions

GVWR (Gross Vehicle Weight Rating): is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating): is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

UVW (Unloaded Vehicle Weight):¹ is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

CCC (Cargo Carrying Capacity):¹ is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 IWW per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity.

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities.

The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Forest River, Inc., reserves the right to make all such changes without notice, including prices, colors, materials, equipment and specifications as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Forest River dealer and confirm the existence of any materials, design or specifications that are material to your purchase decision. © 2023 Rockwood RV, a Division of Forest River, Inc., a Berkshire Hathaway Company.
