Water spigot

REDEFINING DESTINATION TRAILERS

When Alliance refers to “destination trailers,” they are talking about a type of trailer that is designed to be used as a stationary home or accommodation at a specific location, rather than being moved around frequently like a traditional travel trailer.

EXTENDED CAMPING

The Benchmark is your ultimate choice for extended camping, blending unmatched comfort, durability, and energy efficiency. With 45,000 BTUs of cooling power from three air conditioning units and 60,000 BTUs of heat from two powerful 30,000 BTU furnaces, it ensures year-round comfort in any climate.

Constructed with Azdel composite walls, floors, and slides, the Benchmark offers superior moisture resistance and long-lasting durability. A radiant foil barrier enhances insulation by reflecting heat, keeping your space cozy in the cold and cool in the heat. Its fiberglass exterior provides reliable protection against the elements, making it both sturdy and efficient.

Built to excel during long-term stays and outdoor adventures, the Benchmark redefines what it means to camp in luxury and resilience.

CREATING LONG-TERM ALLIANCES

Alliance RV was founded by seasoned RV industry veterans, brothers Coley and Ryan Brady. They embarked on a mission to transform the market as independent manufacturers, driven by a shared passion to enhance the RV ownership experience.

Alliance expanded its operations with a 2nd production facility (Plant 2) and launched the Valor Toy Hauler. Dubbed the "Master of 12-Volt", the Valor series got customer feedback that took living off the grid to a new level.

By January 2023, Alliance had built its 10,000th unit. In July, we introduced the Delta travel trailer, further establishing Alliance as one of the fastest-growing independent RV manufacturers, supported by our creative community of Allies.

Alliance introduced the Paradigm fifth wheel, designed with innovative customer driven features gathered from thousands of RVers on the Alliance RV Group Facebook page.

Alliance completed yet another production facility (Plant 3) that would be home to the Avenue Mid-Profile fifth wheels. Avenue is a direct reflection of our customer-first approach, with a long list of customer-driven features.

Alliance RV continues to embody the vision of the Brady brothers, delivering unparalleled comfort, innovation, and craftsmanship to discerning travelers, all while adhering to the mantra, "Do The Right Thing."

DO THE RIGHT THING

At Alliance RV, we understand that effective communication is key to satisfying our customers' unique needs. Recognizing that there is no one-size-fits-all solution to service, we commit to maintaining open communication lines with both our customers and dealers. This ensures we can tailor service solutions specifically to your circumstances. Our dealer programs are designed to streamline approvals and expedite parts delivery, helping you get back on the road faster and enhancing your RV experience.

NOW INTRODUCING DESTINATION TRAILERS

At Alliance RV, our vision is to create a product driven by our customers, through their experience and input, and execute on those ideas at the highest level. Innovation and product development is best done in collaboration with the RVing community, and we are listening. Many of us here at Alliance RV have spent the majority of our careers in the RV industry, and we believe our RV owners and dealer partners will welcome an independent and truly different manufacturer that is transparent and dedicated to their customers.
